

COMMERCIAL BUSINESSES

Working With Businesses Who Need To Maintain Green Areas Around Their Premises

Many businesses are not aware of their legal liabilities in maintaining the grounds around their premises. Problem trees adjacent to public areas, or areas that staff and visitors will be utilising can cause issues for the business if they aren't removed or managed. Our bespoke seasonal maintenance packages (CommCare) are a perfect solution to not only look after the aesthetics of the land and garden areas for your visitors, but also help to reduce any unforeseen problems.

If it is important to you to create a good impression for customers when they visit your premises, talk to us about our services.

Seasonal Maintenance Plans

T&LC work year round to maintain grounds around clients' properties. To help manage this process, we produce seasonal maintenance packages, keeping you abreast of the maintenance required and allowing you to spread the costs involved. Talk to us about setting up a maintenance package for you. Long-term, this can save money!

Our Services Include:

- Tree surveys by qualified professional Tree Inspectors
- Building site and land clearance
- Tree felling, sectional felling, trimming, reducing and reshaping
- Stump grinding, stump removal and processing
- Hedge cutting including tractor flailing
- Landscaping, mowing, turf laying, weeding and general grounds maintenance
- Full planting design and planting services

“From hedge cutting to general maintenance Peter and the team have been excellent throughout the time we have been using them. With lots of visitors, it is hugely important that the grounds are kept impeccably. T&LC really care about doing a great job.”

E. Caulfield
