

# EDUCATION

## Working With Schools, Colleges and Universities

Education grounds tend to be extensive and need continuous maintenance, whether that is regular mowing of the grass areas, or trees that need monitoring and maintenance. Our bespoke maintenance packages (CommCare) are a perfect solution, whereby we can monitor and maintain the aesthetics of the grounds throughout the seasons.

All of our operatives are DBS Approved, and we as a company are very used to working in sensitive environments, providing a safe service that adheres to regulations.

### Seasonal Maintenance Plans

T&LC work year round to maintain grounds around clients' properties. To help manage this process, we produce seasonal maintenance packages, keeping you abreast of the maintenance required and allowing you to spread the costs involved. Talk to us about setting up a maintenance package for you. Long-term, this can save money!

### Our Services Include:

- Tree surveys by qualified professional Tree Inspectors
- Building site and land clearance
- Tree felling, sectional felling, trimming, reducing and reshaping
- Stump grinding, stump removal and processing
- Hedge cutting including tractor flailing
- Landscaping, mowing, turf laying, weeding and general grounds maintenance
- Full planting design and planting services

**“We engaged the Tree & Lawn Company to conduct a spring clearance across the land surrounding the school. This involved cutting back trees and shrubs in preparation for the summer. I found Peter and his team very helpful, clean and extremely professional.”**

**L. Fairbanks**

### Who We Work With

- ✓ Borough and Parish Councils, Ministry of Defence & other Public Sector Organisations
- ✓ Healthcare Trusts, Private Clinics & Care Homes
- ✓ Property Management, Developers, Self-Builders & Housing Associations
