

# HEALTHCARE

## Working with NHS Trusts, Residential/Nursing Homes & Hospices

The work we carry out for our residential care, nursing homes and hospice clients is undertaken with the utmost care and consideration for the residents and patients, and we are often asked to carry out our work at unusual times, something that we can accommodate for you if required. As part of the service, we offer our clients an annual maintenance plan (CommCare) which is very well received as it takes the responsibility of maintaining lawns, gardens and healthy trees on a regular basis out of your hands and in to ours.

### Seasonal Maintenance Plans

T&LC work year round to maintain grounds around clients' properties. To help manage this process, we produce seasonal maintenance packages, keeping you abreast of the maintenance required and allowing you to spread the costs involved. Talk to us about setting up a maintenance package for you. Long-term, this can save money!

### Our Services Include:

- Tree surveys by qualified professional Tree Inspectors
- Building site and land clearance
- Tree felling, sectional felling, trimming, reducing and reshaping
- Stump grinding, stump removal and processing
- Hedge cutting including tractor flailing
- Landscaping, mowing, turf laying, weeding and general grounds maintenance
- Full planting design and planting services

**“From the original plans and following work to conduct a full make over to our care home external areas and gardens, Peter and The Tree & Lawn Company have been reliable, trustworthy and above all professional at all times. Superbly diligent and polite company.”**

**G. Davies**

### Who We Work With

- ✓ Borough and Parish Councils, Ministry of Defence & other Public Sector Organisations
- ✓ Healthcare Trusts, Private Clinics & Care Homes
- ✓ Property Management, Developers, Self-Builders & Housing Associations
