

LOCAL GOVERNMENT

Working With Parish & Borough Councils

At T&LC we strive to carry out commercial work with ethics and sustainability in mind. We understand the responsibilities of working in public areas and environments so it's important to provide a service that's both professional and considerate.

At T&LC we are fully aware of the legal obligations helping you to meet your environmental and sustainability targets. For example, the handling of green waste and reduction in the use of pesticides are key environmental concerns for our customers and we work extremely hard to ensure that our practices meet your very high standards. The chemicals we recommend for all of our work are pet-friendly and all green waste is disposed of responsibly so you can be assured that our service is nothing but professional throughout.

Seasonal Maintenance Plans

T&LC work year round to maintain grounds around clients' properties. To help manage this process, we produce seasonal maintenance packages, keeping you abreast of the maintenance required and allowing you to spread the costs involved. Talk to us about setting up a maintenance package for you. Long-term, this can save money!

Our Services Include:

- Tree surveys by qualified professional Tree Inspectors
- Building site and land clearance
- Tree felling, sectional felling, trimming, reducing and reshaping
- Stump grinding, stump removal and processing
- Hedge cutting including tractor flailing
- Landscaping, mowing, turf laying, weeding and general grounds maintenance
- Full planting design and planting services

“We asked T&LC to clear the grounds across 3 acres of sports field where it had been left for far too long. The team came in, did a superb job, and we are now engaging with them to provide an annual maintenance programme, so the grounds do not get out of hand as they did before.”

S. Jones

Who We Work With

- ✓ Borough and Parish Councils, Ministry of Defence & other Public Sector Organisations
- ✓ Healthcare Trusts, Private Clinics & Care Homes
- ✓ Property Management, Developers, Self-Builders & Housing Associations
